To whom it may concern: This is to certify that Bertha P. Conner, of Mt. Angel precinct, Marion county, Oregon, has suffered from a cancerous growth in the left ear for about three years. The growth was cut out twice and burned out once by Albany Physicians, but the growth came back as bad as ever, and pained her so badly that she had to be taken from school. After three week's treatment by Dr. J. F. Cook, of Salem, Oregon, the Botanical Specialist, the growth entirely disap peared, and at this date, four months since treatment was begun, the growth has not reappeared, and the ear has entirely healed leaving only the scars in-flicted by the Albany doctors.

I hereby certify that the above statement is absolutely true, and that Ber-tha P Conner, the person mentioned in the affidavit, has resided in my family since early childhood, bearing the relationship to me of niece.
